STAT

5 MAY 1959

Dear Gene:

I am indeed glad to get the reports
telling of the excellent progress you have made since
your operation last Friday. Keep it up, but take it
easy and don't try to come back to work too soon.

Sincerely,

SIGNED

Allen W. Dulles
Director

STAT

MEMORANDUM FOR: THE DIRECTOR

[redacted] was operated on last Friday for the removal of his gall bladder. It was not an emergency as his trouble was correctly diagnosed several weeks ago. He is doing excellently, having had no complications, and has already been on his feet.

Thinking you would want to drop him a line, I have prepared the attached note for your signature.

[redacted]

H. Gates Lloyd
Acting Deputy Director
